

COVID-19 Update –Monday 4<sup>th</sup> January 2021.

Following the news released on Monday 4/1/2021 regarding lockdown measures, we can confirm that the Practice is still **OPEN**. The patient journey remains the same from when we reopened in June, with emphasis being placed on social distancing and cross infection control. We ask all patients that attend, to wear a face covering and to be patient as we follow the procedures that have now become the 'new normal' at the Practice.

**All booked appointments will be going ahead as planned.** If you need to reschedule an appointment, please contact us as soon as possible.

To reassure you, we have well-established health and safety measures in place to keep both patients and staff safe. If you need further information about the changes that have taken place for when you attend your appointment, please give us a call (02392 811493).
